PRIYA NAIR
Junior AI Engineer | Kochi, India | priya.nair@example.com

SUMMARY
Junior AI engineer with 1 year of experience building LLM applications in Python.

SKILLS
Python, LangChain, Ollama, RAG, vector databases (ChromaDB), embeddings,
FastAPI, Streamlit, Git, prompt engineering, pandas

EXPERIENCE
AI Engineer Intern - BrightLeaf Tech (Jan 2026 - Present)
- Built a RAG assistant that answers employee questions from 500+ company documents and shows sources; reached 92% accuracy on a test set of 50 questions.
- Created a FastAPI service for document search used by 3 internal teams.
- Reduced wrong answers by adding an "I don't know" check when no document matched.

PROJECTS
- Resume Screener: Streamlit app that ranks resumes against a job description using embeddings.
- Chat with PDF: local chatbot using Ollama and ChromaDB.

EDUCATION
B.Tech in Computer Science - 2025
